## **BARROWDEN VILLAGE HALL FINANCIAL SUMMARY**

### **2022** Income

The use of the village hall recovered in 2022 after a quiet 2021 because of COVID. Income from hiring doubled to £3,979 and was higher than pre Covid 2019. Events also generated income of £3,082. Total income for 2022 was £8,124 compared to £21,108 in 2021 but in 2021 we received a government grant of £19,032 because of the effects of the pandemic.

Expenditure Despite much increased activity in 2022 our expenses were less than 2021.

In 2022 we incurred £5,756 of expenses compared to £6,369 in 2021, primarily due to less water and sewage costs and no hedge trimming. The bank balance increased from £27,220 at the end of 2021 to £30,138 at the end of 2022.

**2023** As at 23rd June the income from hiring and events in 2023 was very encouraging with £2,868 earned from hiring and £2,584 from events. However costs have increased significantly primarily due to the engagement of architects Harris McCormack for the design of the new hall. Total expenses related to the new hall amount to £14,053 and total costs year to date are £18,763. Another significant cost was the electricity bill of £1,729.

The balance in the bank account as at 23 rd June 2023 was £17,584.

As income and costs related to the new hall will become more significant and more complex in the second half of 2023 we will separate out the income and costs for the new hall as much as possible including the use of a new bank account with Charities Aid Foundation which will also earn Gift Aid on donations put into the account.

*Robert Wright - Treasurer of Barrowden Village Hall CIO*
